CORAÇÃO  
ALECRIM

Our shop is our home. For the people who surround us. For the planet. Inspired by sustainable, fair-trade, handmade local products. This is our love for beautiful things.

We are inspired by what is sustainable, we push forward the fair trading of handmade and local products.

We believe Portugal has a lot to offer to the world.

Therefore, our project is based on that search for the Portuguese know-how and expertise: sustainable, always immersed in beauty, simplicity and love.
